

SN. 10/644,595

ATTORNEY DOCKET No. NGBC:007

IN THE SPECIFICATION

*Page 40, replace the first full paragraph with the following paragraph:*

--Indicators 41e and 41f schematically representing the parked state of the vehicle 1 in parking may be additionally displayed as shown in FIGS. 17C and 18C. When there are parked vehicles 21 and 22 at the upstream side and the downstream side of the area R1 for parking the vehicle 1 in parallel parking, the schematic indicators 41e and 41f is used in place of the vertical lines. The moving distance estimation unit 9 estimates the moving distance of the vehicle 1 when the vehicle 1 moves forward from the position where the schematic indicator 43e shown in FIG. 17C has a proper spacing from the front end of the parked vehicle 21 to the position where the schematic indicator [[43f]]41f shown in FIG. 18C has a proper spacing from the rear end of the vehicle 22.--

*Page 48, replace the paragraph appearing in lines 13-16 with the following paragraph:*

--If it is determined that a sufficient space is not available, a voice message of "sufficient space to park your vehicle is not available" is output, telling the driver that parking assistance is terminated (V80 in FIG. 21).--
